To

The President
Students' Association
F.T.I. I
Pune

Dear Shri Nachimuthu,

I would like to bring to the notice of all the students presently on strike that continuing defiance of directives of Director, in written and oral, that strike must be stopped immediately and the students must go back to the academic activities, would result in strong administrative action which may include rustication as well.

All concerned students will themselves be responsible for any administrative action in this regard. You are therefore, ordered to terminate the strike with immediate effect and resume academic activities without any further delay, failing which the Institution will be free to take strictest administrative action.

Director
